4 May 1965

MEMORANDUM FOR: Director of Training

SUBJECT : Bi-weekly Report, 19-30 April 1965

W  
1. The 18th Session of the National Interdepartmental Seminar terminated on 30 April. The members of the Seminar have commended especially the CIA participation in the Seminar, particularly the concept and presentations of the "CIA Day" at Headquarters. An appraisal of the Session will be written in a separate report.

2. Through the CIA Faculty Adviser, the DIS requested, and there has been worked out, a three-day lecture series on counterinsurgency for the Advanced Intelligence Course at DIS, to be given in May by the Faculty Seminar. A similar series was given recently to the Senior Seminar of FSI. The extension of the Seminar into two such schools is a proper one, as this is contemplated in NSAM 283. Further, it is a useful employment of the Seminar faculty during the periods between Seminars.

3. The Second Coordination Training Conference for Directors of Counterinsurgency, sponsored by the NIS, will be held at the Seminar, 24-27 May. About ninety participants from training activities conducted by DoD, State, USIA, AID and CIA are expected. Participant names are to be submitted to the Coordinator on 3 May. The topics for examination by the conference were suggested by CIA and are concerned with the implementation of the training outlined in NSAM 283. The DDI will address the Conference 25 May on the subject, "An Intelligence Appraisal of the World Wide Insurgency Situation."

4. During May, I have been requested to give these presentations:

a. 10 May - "The Role of CIA in Counterinsurgency," to the FSI Intermediate Course on Internal Defense at Arlington Towers.

b. 10 May - "The Internal Defense Plan and the Country Team," to the CIA Military Reserve Officers Course in Counterinsurgency.

c. 11 May - "Intelligence in Internal Defense," at the Advanced Intelligence Course, DIS, as a part of an NIS

d. 13 May - "The Role of CIA in Counterinsurgency," at the Counterinsurgency Course, Warfare Systems School, Maxwell Air Force Base, Ala. Although this invitation was extended directly to the Agency for a lecturer, the CIA presentation is a part of a lecture series requested of the NIS Coordinator and given on the same day by the AID, USIS, and DoD members of the NIS Faculty.

e. 28 May - "Counterinsurgency," to the Intelligence Orientation Course.
